

One Platform. Total HIPAA Control.

All-in-one HIPAA compliance, powered by AI, for confident, audit-ready teams. Developed by Karmick Solutions, trusted in healthcare software innovation since 1999.

A HIPAA audit in 24 hours. No panic. No chaos.

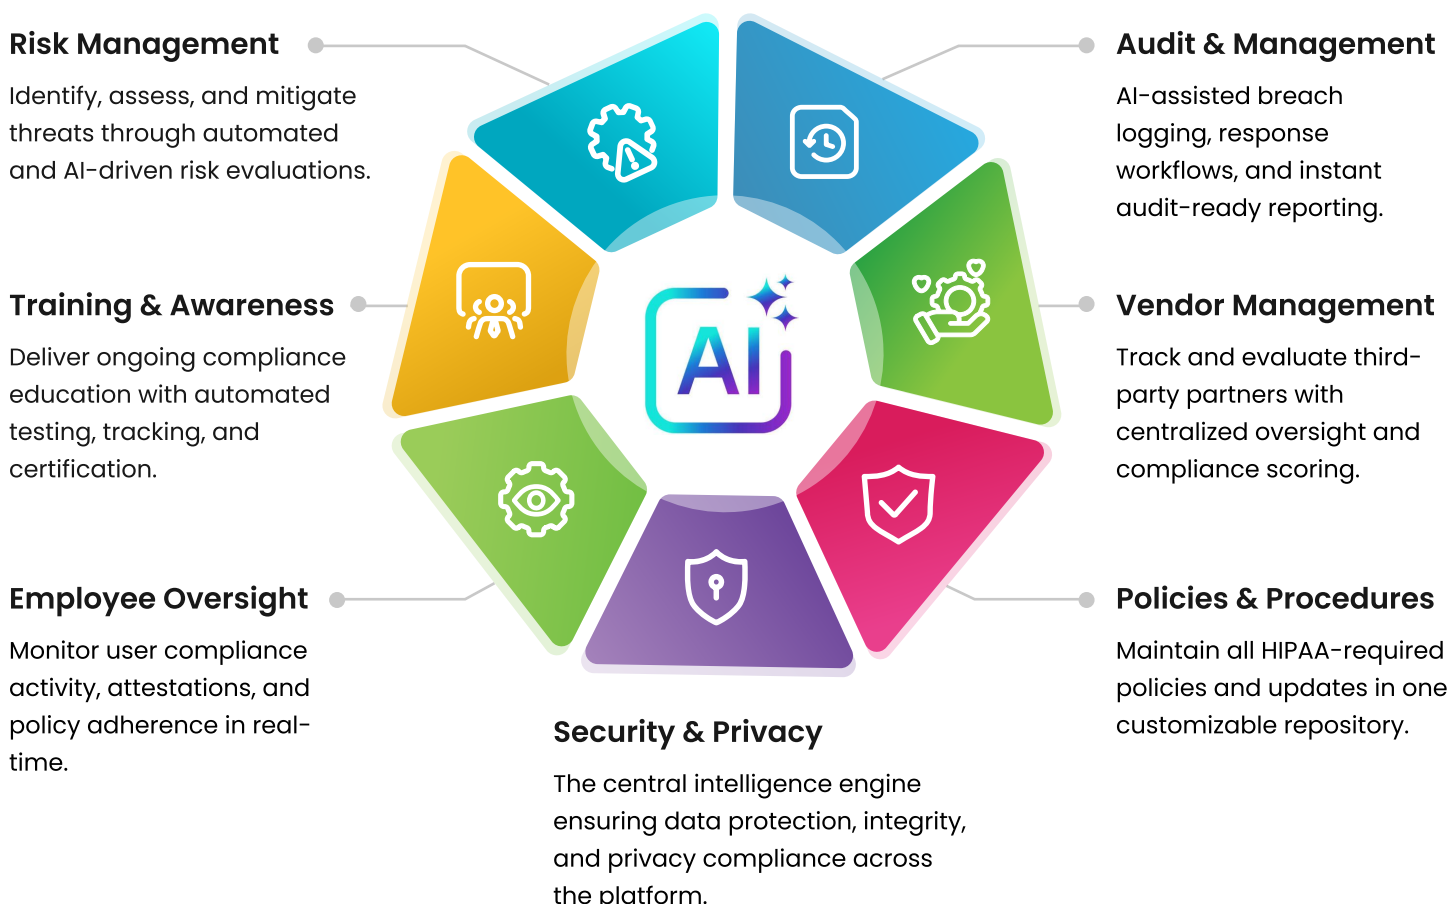

A client received a surprise HIPAA audit notice with a 24-hour warning. They didn't panic. Why? Every policy, training record, vendor log, and breach report was already organized and up-to-date in HIPAA360.

So when the auditors arrived, the review was completed in 15 minutes. It was a level of confidence that every organization should aim to have.
